PROFESSIONAL SUMMARY

Fullstack Developer with 2+ years of experience building SaaS platforms and scalable web applications using MERN, PHP, Laravel, and WordPress. Strong in REST APIs, cloud deployment (AWS), database optimization, and end-to-end product development.

EXPERIENCE

Digital Asia   **May 2025 – Present**
Fullstack Web Developer   *Noida, India*
  – Built and deployed multiple enterprise applications across Laravel, MERN, and WordPress ecosystems.
  – Developed an internal SaaS platform serving 1000+ users with real-time modules (React, Node, MongoDB).
  – Implemented high-performance REST APIs and optimized MySQL queries reducing load times by 35–40%.
  – Managed AWS stack (EC2, S3, RDS) and ensured scalability for 50K+ monthly visitors.

Freelance Web Developer   **Jan 2024 – May 2025**
Fullstack Developer (Remote)   *Multiple Clients*
  – Delivered custom web apps and business websites across e-commerce and service domains.
  – Built end-to-end e-commerce systems with payment gateway integration and admin dashboards.
  – Developed REST APIs and integrated third-party services including payment, email, and analytics.
  – Handled complete DevOps workflow: domains, hosting, SSL, deployments, and server management.

Social More Marketing   **June 2023 – August 2023**
Fullstack Intern   *Delhi, India*
  – Developed WordPress websites with custom themes and CRM integrations.

PROJECTS

CREDITBANDHU.COM | WordPress, PHP   **2025**
  – Developed a custom loan DSA platform with CPTs for loan products and partner onboarding.
  – Built lead-management workflows and advanced form pipelines for automated processing.

NAMASTEFILE | React, Django, AWS   **2024**
  – Built a cloud-based file conversion SaaS supporting multiple formats (PDF, JPG, PNG, WebP).
  – Achieved 70% optimized compression through custom algorithms and server-side processing.

TECHNICAL SKILLS
